

Approval of 2019 Practising Certificate Fee (PCF) application made by The Law Society (TLS) and Solicitors Regulation Authority (SRA) to the Legal Services Board (LSB) under section 51 of the Legal Services Act 2007 (the Act)

1. The LSB has approved an application made by TLS and the SRA to the LSB under section 51 of the Act. Section 51 of the Act relates to the control of PCF charged by approved regulators.
2. A PCF is a fee payable by a person under an approved regulator's regulatory arrangements, in circumstances where the payment of the fee is a condition which must be satisfied for that person to be authorised by the approved regulator to carry on one or more activities which are reserved legal activities. An approved regulator may only apply amounts raised by PCF for one or more of the permitted purposes which are set out in section 51(4) of the Act.
3. A PCF is payable under the regulatory arrangements of an approved regulator only if the LSB has approved the level of the fee required by section 51 of the Act. TLS is an approved regulator and the SRA is the regulatory arm to which TLS has delegated its regulatory functions.
4. In making an application, an approved regulator must comply with the provisions of the Practising Fee Rules 2016 (Rules)¹. The Rules² set out the criteria against which the LSB will assess PCF applications, as well as the evidence required for the LSB to be satisfied the criteria is met. The LSB's [Guidance to Approved Regulators on PCF applications](#) (Guidance) provides approved regulators with the detailed criteria and evidence it requires to consider such an application³.
5. This notice sets out the decision taken, including an assessment of the PCF application.

Overview of PCF application and decision

6. The joint PCF application of TLS and the SRA submitted to the LSB, provides that the fee determinations for the practising certificate to be charged to individuals will remain static at £278 for 2019/20, in line with the fee in 2017/18 and 2018/19. This is expected to result in a total of £41m being collected in 2019/20. This is an increase of

£1.1m being collected compared to the previous year due to an increase in the number of regulated individuals.

7. It is expected that a total of £61.5m will be collected in 2019/20 from PCFs charged to firms (recognised sole practices⁴, recognised bodies⁵ and licensed bodies⁶). This is an increase on the £59.8m collected in 2018/19. The basis upon which this fee is collected – The PCF for each firm being based upon a percentage of turnover within banded scales – remains unchanged.
8. The total PCF income for TLS group (including the SRA) is expected to be £102.5m in 2019/20, as compared to £99.7m in 2018/19.
9. The LSB's decision is to approve in full the levels of the 2019/20 fee determinations for practising certificates charged to individuals and to firms set out in the joint application of TLS and the SRA.
10. **Annex A** to this notice contains the 2019/20 fee determinations approved by the LSB.

LSB assessment

Development of the overall budget and application

Evidence that the regulatory arm has led the development of the application

11. It is clear from the application that the SRA developed its own budget. However, its budget required approval from the Law Society's Business and Oversight Board and then TLS Council.
12. TLS and SRA will need to adjust this process in the future in order to comply with the LSB's new Internal Governance Rules (IGR)⁷ which were published and came into force on 24 July 2019. In particular Rule 10 of the IGR provides that regulatory bodies shall independently formulate their own budgets and allocation of resources. The LSB Guidance on IGR (published with the IGR) states that the approved regulator will not be able to approve or reject the proposed budget, though it may seek further information where it has reasonable grounds to do so⁸. The Guidance also states that Rule 10 is subject to Rules 2(2)(duty to delegate) and 16 (savings provisions)⁹.

⁹ Ibid, paragraph 10.1.

Clarity and transparency of overall budget setting

13. The application sets out the income and expenditure of both TLS and the SRA in order to reach the net funding requirement that is the amount required to be collected from practising fees. This includes:
 - SRA expenditure
 - TLS expenditure
 - Levies required by the LSB, the Solicitors Disciplinary Tribunal, the Legal Ombudsman and the Office for Professional Body Supervision.
14. The fee structure which allows for the collection of practising certificate fees to be split between individuals and firms was set in 2010 and in each subsequent year the same basic fees structure has been maintained. This allows for 40% of the total budget requirement to be collected from individuals and 60% from firms. To estimate the fees that will cover the net funding requirement, assumptions have been made about the number of practising certificates to be issued and turnover from firms (based on the information supplied by each of the firms as part of the 2018/19 renewal exercise).
15. Both TLS and SRA expenditure is broken down by directorate. Any variance as compared to 2018 is set out and an explanation is provided where changes are more significant.

Evidence that immediate and medium term needs have been taken into account

16. The application explains that the SRA budget takes into account its three year corporate strategy, the 2018/19 operational and financial position and the SRA's own assessment of current regulatory challenges, priorities and operational performance.
17. The SRA's Modernising IT project is expected to come to a conclusion in 2019/20. The total dependency on group reserves is expected to be £9.1m. This is a reduction on the SRA's forecast of £9.6m.
18. The LSB will be interested to see how the SRA's next three year strategy will inform the development of budgets from 2020/21 onwards.

Contingency fund arrangements

19. As at the end of May 2019 TLS Group held cash reserves of £113.9m and accounting reserves of £69.3m.
20. The application confirms that there is no intention to use any reserves to fund TLS permitted purposes activity or SRA core activities in 2019/20. However, any programme costs for projects over and above the level provided for in the 2019/20 net funding requirement will be met by the use of reserves.
21. The application further explains that it is intended that TLS Group reserves used to fund part of the Modernising IT programme will begin to be replenished in the 2020/21 financial year. This means that towards the end of and beyond the completion of the programme, sums in excess of yearly expenditure will be collected.

22. TLS and SRA expect to reduce the level of funding required for capital investment once reserves have been repaid. We look forward to receiving full details of plans to replenish reserves within next year's PCF application.

Consultation on PCF

Summary

23. TLS and the SRA published their consultation on the PCF on 5 June 2019. The consultation ran for 24 days until 28 June, an increase on the 20 days consultation period for the PCF in 2018. The LSB welcomes this longer consultation period, particularly given the short period of consultation undertaken for the PCF in 2017.
24. The consultation received 84 responses, an increase from the 60 received in 2018. TLS and the SRA have correctly noted that the sample size is too small to be fully representative of the profession. As with last year the low response rate is not surprising given that both individual and firms PCF have remained unchanged.
25. TLS and the SRA have confirmed that the consultation was publicised through media releases from both organisations and highlighted across social media. It was also promoted in newsletters issued by both bodies.

Consultation responses

26. The majority of respondents to the consultation did not consider the PCF to represent value for money. Some key themes from comments in response to this question included that PCFs are too high, especially for sole practitioners and in house solicitors, members are not aware of what TLS does to represent them or what benefits membership brings, and there is a lack of accountability for spending of the PCF by TLS and the SRA.
27. The majority of respondents to the consultation consider the split of fees to be reasonable between TLS, the SRA and the levies from the LSB, the Office for Legal Complaints, the SDT and the Financial Conduct Authority.
28. Consultees also commented further on the cost of the PCF, the split between regulators, the practices of the SDT and SRA, delays of the Legal Ombudsman and the relevance of the LSB.
29. TLS and the SRA have explained that a detailed analysis of all consultation responses was circulated to all TLS Council members before the decision was made on the total amount to be collected in fees.

Consideration of consultation responses

30. During the course of considering the application we asked TLS and the SRA how consultation responses were considered by TLS Council. TLS has confirmed that Council considered the responses at its July 2019 meeting before a decision was

made by TLS Council on the PCF. TLS explained that the comments made through consultation were noted by Council, but it concluded that no further action needed to be taken given the small number of responses to consultation.

31. For future PCF applications, we will expect TLS and the SRA to consider a more detailed explanation of how consultation responses were considered and whether the feedback resulted in changes and if not, the reasons for their decision. Even if there are a low number of respondents we would expect TLS and the SRA to demonstrate that they have given proper consideration to any issues raised through consultation.

Consultation with non-commercial bodies

32. The Guidance¹⁰ sets out that consultation with non-commercial bodies (such as Law Centres Federations, Citizen's Advice) should be included in PCF applications as a general rule. In the alternative the applicants can provide an explanation as to why their views have not been sought.
33. The application did not set out any specific steps taken to ensure that the impact of persons providing non-commercial legal services had been considered when setting the fees.
34. During the course of the application the LSB asked TLS and the SRA what steps were taken to consult non-commercial bodies on the level of the fee.
35. TLS explained that the consultation was open to all and promoted via its member communications during its period of being live.
36. In future PCF applications, the LSB expects TLS and the SRA to consider specific outreach to non-commercial bodies to properly inform themselves of the impact of PCF on those who provide non-commercial legal services.

Permitted purposes

Allocation to permitted purposes

37. The application explains that all SRA income from PCF is used to undertake permitted purposes covered within the scope of section 51(4)(a) of the Act.
38. The application further explains that TLS undertakes a range of permitted purpose activities. They are all activities that have been identified as having as their dominant purpose one of the permitted purposes set out in section 51 of the Act.
39. TLS and the SRA have helpfully set out within the application the total allocation of PCF to permitted purposes across TLS Group. TLS has set out in its application that £129.7m is spent on permitted purposes and £3.2m is spent on non-permitted purposes. This means that in excess of 97% of TLS expenditure is on permitted purposes.

Other income allocated to permitted purposes

¹⁰https://www.legalservicesboard.org.uk/Projects/statutory_decision_making/pdf/2016/20160601_PCF_Rules_Guidance_June_2016.PDF

40. The application further explains that all income generated by TLS from permitted purpose activity is used to support permitted purpose expenditure and to alleviate cost pressures on the net funding requirement.

LSB targeted review

41. In our 2019/20 Business Plan¹¹ we set out an intention to conduct a review of the PCF approval process, including a targeted review of the regulators' approach to non-regulatory permitted purposes as set out in section 51 of the Act.
42. The targeted review is due to begin in late 2019. We look forward to working with TLS to enhance our understanding of its current approach.

Transparency of PCF information to fee paying members

Clarity of information provided

43. TLS and the SRA have a detailed communications plan surrounding fees. A significant amount of the plan is delivered prior to the date of the PCF application being submitted to the LSB.
44. Future planned communications include updating the SRA web material once the LSB decision is made and large scale communications to firms ahead of the renewal period.
45. The relevant SRA web page is also linked to a "fees calculator" which should further assist members in having an estimate of the fees they may have to pay.
46. We have commented in paragraph 36 above that TLS and the SRA may wish to consider specific outreach to non-commercial bodies as part of its consultation process. That aside we welcome the level of communication and transparency of PCF information provided by TLS and the SRA to fee paying members.

Regulatory and Equality Impact assessment

47. The application sets out that a full equality impact assessment was undertaken in 2010 and there have been no changes.
48. The LSB considers that while it might be the case that there have been no substantive changes in the approach of TLS and the SRA in setting the level of PCF, there has been significant change in the sector and the regulated community since 2010. Therefore the LSB welcomes TLS' stated intention to review their overall approach to PCF in the second half of 2020.
49. The LSB notes TLS' commitment to ensure that equality, diversity and inclusion considerations will be at the heart of their review. A new equality impact assessment should be considered when making any proposals on an altered approach to PCF.

¹¹ https://www.legalservicesboard.org.uk/news_publications/publications/pdf/2019/Final_business_plan_2019-20.pdf

50. The LSB also notes the amendment to fee determinations which the LSB approved by exemption on 2 August 2019¹². The amendment ensures that a wider group of the regulated community are entitled to discounted PCF for those on leave equivalent to statutory maternity leave.

Decision

51. The LSB has approved the joint PCF application submitted by TLS and the SRA for 2019/20 under section 51 of the Act.

Summary of expectations for next application

- TLS and SRA to ensure the approval process of the regulatory budget complies with the new IGR (Paragraph 12).
- Details of plans to replenish reserves to be included within the PCF application (Paragraph 22).
- TLS and SRA to consider a more detailed explanation of how consultation responses were considered and whether the feedback resulted in changes and if not, the reasons for their decision (Paragraph 31).
- TLS and the SRA to consider specific outreach to non-commercial bodies to properly inform themselves of the impact of PCF on those who provide non-commercial legal services (Paragraph 36).
- A new equality impact assessment should be considered when making any proposals on an altered approach to PCF (Paragraph 49).

Annual Periodical fees

Recognised Bodies and recognised sole practices are required to pay annual periodical fees, calculated by reference to the firm's turnover, by the prescribed date which is 31 October in any year. H	£30,000,000 - £69,999,999	0.19%	£30,000,000	£71,037
I	£70,000,000 – £149,999,999	0.17%	£70,000,000	£147,037
J	£150,000,000 +	0.07%	£150,000,000	£283,037

* % is equivalent to 'divided by 100' (e.g. 0.42% = 0.0042)

Using the table above to calculate the firm fee based on the firm's turnover (T)

1. Identify the turnover value (T) and which corresponding band the turnover falls into from column A.
2. Subtract the figure in the corresponding column C from T for that turnover band.
3. Multiply this figure by the corresponding percentage in column B.
4. Finally add this figure to the corresponding figure in column D.
5. Firm fee then needs to be rounded to the nearest pound (i.e. if less than 50p then round down and if equal to or more than 50p then round up)

Formula: $(T - C) \times B + D$

Example 1: For Turnover of £0:
 $(£0 - £0) \times 0.71\% + £100 = £100$

Example 2: For Turnover of £200,000:
 $(£200,000 - £150,000) \times 0.40\% + £787 = £987$

Example 3: For Turnover of £813,421:
 $(£813,421 - £500,000) \times 0.39\% + £2,187 = £3,410$

Example 4: For Turnover of £279,123,528:
 $(£279,123,528 - £150,000,000) \times 0.07\% + £283,037 = £373,424$

Appendix 2

Turnover Figure

The following paragraphs describe how the turnover figure that will be used for the purposes of determining the fee should be calculated:

1. Turnover figure means a firm's total gross fees arising from work undertaken from offices in England and Wales.
 - *Gross fees includes:* all professional fees of the firm including remuneration, retained commission, and income of any sort whatsoever of the firm (including notarial fees). Work in Progress (WIP) should be included.
 - *Gross fees does not include:* interest, reimbursement of disbursements, VAT, remuneration from a non-private practice source, dividends, rents, and investment profit.
2. The turnover figures that will be used when billing firms in October 2019 will be based on **closed accounts**, audited where possible.
 - Closed accounts are defined, in order of preference, as:
 1. an audited set of financial statements
 2. an unaudited set of financial statements signed off by an accountant
 3. a submitted tax return for the year.
3. Bad debt should be handled under normal accounting procedures. Where it has been allowed for in the turnover figure for a firm's last closed accounting period prior to 1 November 2018, that is acceptable. If a bad debt has been discovered after closing the firm's accounts, then the turnover figure cannot be re-adjusted. Those adjustments could potentially be accounted for in the following year's closed accounts.
4. The turnover figure should, wherever possible, be for the last complete (12 months) accounting period prior to the 1 November 2018 (e.g. 31 March 2018). The latest acceptable annual accounting period end date is 31 October 2018.
5. The turnover figure should be an exact figure wherever possible. A figure rounded to the nearest £1,000 will be acceptable only if more detail is unavailable.
6. Those firms who do not have closed accounts which ended within the period from 1 November 2017 to 31 October 2018, should provide the SRA with an estimate of the turnover figure as well as the previous year's turnover figure based on accounts which have been closed. The SRA will determine at its discretion whether to use the 2017 figure if an updated 2018 figure based on closed accounts has not been received by 31 August 2019.
7. The turnover figure must be for a 12 month period.
 - (a) For a brand new firm (i.e. not a successor firm nor one resulting from change in status), an estimate for the first 12 months of practice (irrespective of whether this is after 31 October 2018) will be accepted; the basis upon which the firm has made the estimate should be provided to the SRA.

14 August 2019

- (b) If a firm has changed its annual accounting period, its latest closed accounting period prior to the 1 November 2018 will be shorter or longer than 12 months. The following approach should be used by the firm, providing an explanation of how they have derived their turnover figure:
- Preferably, provide the turnover for the 12 month period immediately preceding the new accounting period end date (as long as prior to 1 November 2018)
 - Alternatively, if this is not possible then take the last closed accounts period prior to the 1 November 2018 and scale it appropriately (e.g. if the last closed accounting period was for six months then it should be doubled; if the last closed accounting period was for 15 months, then it should be divided by 15 and then multiplied by 12).
8. If a firm has a change in status (e.g. partnership to LLP, sole practitioner to partnership), then it should respond as if there were no change in status.

Successor Turnover

Successor turnover is relevant where firms have changed through, for example, an acquisition, merger or split. Certain firms affected are required to submit a Notice of Succession to the SRA with an agreed apportionment of turnover among the affected firms.

As guidance successor turnover shall be calculated based on the Turnover Figures for each of the affected firms.

If a firm has succeeded to the whole or a part of one or more firms (e.g. through merger or acquisition), successor turnover will be calculated by combining the appropriate proportion of the Turnover Figure for each of the affected firms which has become part of the successor practice:

- In a simple merger between firms A and B, combine the Turnover Figures for each firm.
- In a merger of one firm (firm A) with part of another firm (e.g. one third of firm B) then firm A should add the corresponding proportion of firm B's Turnover Figure to its Turnover Figure (e.g. firm A's Turnover Figure + third of firm B's Turnover Figure)

For a firm which has split or ceded part of their practice to another firm and wishes this change to be reflected in a successor turnover figure, the successor turnover figure will be a proportion of the Turnover Figure, as long as it is clear how the Turnover Figure for such a firm is to be distributed between the successor firms. 100% of the Turnover Figure must be accounted for between the successor firms. For example:

- In a merger of firm A with one third of firm B then
 - firm B's successor turnover figure will be two thirds of its Turnover Figure, Firm A's will be its Turnover Figure plus one third of B's Turnover Figure
- Where firm A and one third of firm B become new firm C
 - firm A's turnover will be £0 (closed) and B's turnover will be two thirds of its Turnover Figure. Firm C's successor turnover figures will be the combination of A's Turnover Figure and one third of firm B's.

In a case where all successor firms agree on the apportionment of 100% of the Turnover Figures, then the SRA will accept the successor turnover figures.

In the case where all successor firms are unable to agree the apportionment of 100% of the Turnover Figures, then the SRA will treat the Notice of Succession as an application for it to determine the Turnover Figure for the purpose of calculating the fees. The SRA will determine this apportionment based on the information available and its decision will be final.

Annex D - Licensed Body Fee Determination 2019

This determination is made by the Solicitors Regulation Authority Board under Rules 2.1 and 8.3 of the SRA Authorisation Rules 2011, rule 1.1 of the SRA Application, Notice, Review and Appeal Rules and rule 7.1 of the SRA Authorisation of Firms Rules, with the approval of the Legal Services Board under section 51 of the Legal Services Act 2007.

Initial Applications

1. The application fee payable by a body applying for initial authorisation as a licensed body will be calculated as follows:
 - (a) an initial payment of £2,000, which is based on a day rate of £600;
 - (b) £150 in relation to each candidate subject to approval by the SRA under Part 4 of the SRA Authorisation Rules, excluding those deemed to be approved under Rule 13.2 of the SRA Authorisation Rules or under Part 4 of the SRA Authorisation of Firms Rules, excluding those deemed to be approved under rules 13.3 and 13.5 of the SRA Authorisation of Firms Rules;
 - (c) where the SRA's costs in considering the application exceed the amounts specified in (a) and (b) above then such additional costs will be charged at a day rate of £600;
 - (d) where the nature of the application means that the SRA has to seek external assistance, the full cost of that assistance will be charged;
 - (e) on initially considering an application, the SRA will notify those bodies whose applications it considers likely to exceed the amounts specified in (a) and (b) above and will indicate any additional sums payable in accordance with paragraphs (c) or (d) above;
 - (f) notwithstanding any additional sums notified under paragraph (e), the SRA may charge further additional sums in accordance with paragraphs (c) or (d) if unforeseen circumstances arise during the application process, however the SRA shall notify the applicant as soon as reasonably practicable as to the further liability to be incurred.
2. Appendix 1 contains information on the circumstances that may give rise to additional costs that may be chargeable under paragraphs 1(c) and (d) and the SRA may publish additional information from time to time.

Periodical fees

Licensed bodies are required to pay an initial periodical fee on authorisation which is calculated by reference to the firm's estimated turnover. Licensed bodies are also required to pay annual periodical fees by the prescribed date which is 31 October in any year. Paragraphs 3 and 4 below deal with the way in which the initial periodical fee will be calculated for the period which runs from 1 November 2018 to 31 October 2019 and paragraph 5 deals with the annual periodical fee.

Initial Periodical Fee

3. Subject to paragraph 4, the initial periodical fee payable by a licensed body shall be determined by:
 - (a) taking the estimate of the Turnover Figure for the first 12 months of business and carrying out the calculation in respect of the relevant band in accordance with appendix 2; and
 - (b) paying one twelfth of that amount in relation to each month or part of a month between the date of authorisation and 31 October 2020.
4. (a) Where a licensed body has succeeded to the whole of the practice of an authorised body the fee calculated in accordance with paragraph 3 shall be reduced by one twelfth of the firm fee already paid by the predecessor authorised body in respect of each month between the date of authorisation of the licensed body and 31 October 2020.
 - (b) Where a licensed body has succeeded to part of the practice of an authorised body the fee calculated in accordance with paragraph 3 shall be reduced as set out in paragraph 4(a) above but the reduction shall relate to such proportion of the firm fee as the SRA shall determine taking into account any Notice of Succession or other information.

Annual Periodical Fee

5. The annual periodical fee payable by a licensed body shall be determined by taking the estimate of the Turnover Figure for the first 12 months of business or, where the licensed body became a licensed body before 1 November 2017, the Turnover Figure, and carrying out the calculation in respect of the relevant band in accordance with appendix 2.

Overseas Branch Offices

6. A licensed body which has one or more overseas branch offices shall pay an additional fee of £200 in respect of each overseas office.

Interpretation

7. In this determination:

Notice of succession means notice required under Rule 8.3(f) of the SRA Authorisation Rules or rule 16.1 of the SRA Authorisation of Firms Rules;

Turnover Figure means as set out in appendix 3.

All other terms are to be interpreted in accordance with the SRA Handbook Glossary 2012 or, after 25 November 2019, the SRA Glossary.

Commencement

8. This determination shall come into force on 1 November 2019.

Annex D - Licensed Body Fee Determination: Appendix 1

1. The initial payment of £2,000 includes the costs that the SRA will incur in reviewing the application and considering whether, and if so how much, additional time and external assistance will be required. At the end of the review the SRA will notify the applicant of additional sums payable under paragraph 1 (c) and (d). Such estimate may be exceeded if unforeseen circumstances require additional time or external assistance.
2. The following list contains indicators of circumstances relating to the applicant body that may lead to the SRA seeking further information and incurring additional costs:
 - (a) proposed outsourcing arrangements;
 - (b) proposed initial public offering;
 - (c) proposed franchise model;
 - (d) proposed multiple fee sharing and /or referral arrangements;
 - (e) proposed multi disciplinary practice, involving other regulators;
 - (f) the applicant is part of a group including other organisations or permitted separate businesses which could cross sell services and /or give rise to potential conflicts.

This list is not exhaustive.

3. The SRA estimates that a combination of indicators that includes one or more of (a) to (d) above (moderate complexity) may require an additional 15 days of cost and an approximate additional charge of £9,000.
4. The SRA estimates that a combination of indicators that includes one or more of (e) and (f) together with any of the other indicators (high complexity) may require an additional 30 days of cost and an approximate additional charge of £30,000.
5. Additional costs may also be incurred where candidates, or sources of funding are located overseas. This could include the use of specialised external agencies to provide detailed reports on foreign individual and corporate owner applicants and may cost between £3,000 and £5,000 dependent on the jurisdiction.
6. Additional costs may also be incurred where there are complex ownership structures which require investigation in order to identify all persons who hold a material interest.

Annex D - Licensed Body Fee Determination: Appendix 2

Turnover band	Turnover Range (A)	Pay %* of Turnover within band (B)	Minimum Turnover in band (C)	Minimum Fee in Band (D)
A	£0 - £19,999	0.71%	£0	£100
B	£20,000 - £149,999	0.42%	£20,000	£241
C	£150,000 - £499,999	0.40%	£150,000	£787
D	£500,000 - £999,999	0.39%	£500,000	£2,187
E	£1,000,000 - £2,999,999	0.37%	£1,000,000	£4,137
F	£3,000,000 - £9,999,999	0.25%	£3,000,000	£11,537
G	£10,000,000 - £29,999,999	0.21%	£10,000,000	£29,037
H	£30,000,000 - £69,999,999	0.19%	£30,000,000	£71,037
I	£70,000,000 – £149,999,999	0.17%	£70,000,000	£147,037
J	£150,000,000 +	0.07%	£150,000,000	£283,037

* % is equivalent to 'divided by 100' (e.g. 0.42% = 0.0042)

Using the table above to calculate the firm fee based on the firm's turnover (T)

1. Identify the turnover value (T) and which corresponding band the turnover falls into from column A.
2. Subtract the figure in the corresponding column C from T for that turnover band.
3. Multiply this figure by the corresponding percentage in column B.
4. Finally add this figure to the corresponding figure in column D.
5. Firm fee then needs to be rounded to the nearest pound (i.e. if less than 50p then round down and if equal to or more than 50p then round up)

Formula: (T - C) x B + D

Example 1: For Turnover of £0:
 $(£0 - £0) \times 0.71\% + £100 = £100$

Example 2: For Turnover of £200,000:
 $(£200,000 - £150,000) \times 0.40\% + £787 = £987$

Example 3: For Turnover of £813,421:
 $(£813,421 - £500,000) \times 0.39\% + £2,187 = £3,410$

Example 4: For Turnover of £279,123,528:
 $(£279,123,528 - £150,000,000) \times 0.07\% + £283,037 = £373,424$

Annex D - Licensed Body Fee Determination: Appendix 3

Turnover Figure

The following paragraphs describe how the turnover figure that will be used for the purposes of determining how the periodical fee should be calculated:

1. Turnover figure means a firm's total gross fees arising from regulated activities undertaken from offices in England and Wales.
 - *Gross fees includes:* all professional fees of the firm including remuneration, retained commission, and income of any sort whatsoever of the firm (including notarial fees). Work in Progress (WIP) should be included.
 - *Gross fees does not include:* interest, reimbursement of disbursements, VAT, remuneration from a non-private practice source, dividends, rents, and investment profit.
2. Applicant bodies are required to provide an estimated turnover figure in the application and the SRA will seek information to support the figure and explain the basis on which the body has made the estimate during the authorisation process. Where the applicant body is succeeding to any legal practice carried on by a recognised sole practitioner, an authorised body or to a previously unregulated legal services business then the historic turnover figures for such businesses will be relevant in validating the estimated turnover for the new body.
3. The SRA may substitute an alternative estimated turnover figure for the purpose of the fee calculation where it reasonably considers that the estimated turnover figure produced by the applicant body does not fully reflect the true value of the legal services to be provided. The examples below indicate the sort of circumstances in which such a substitution may be made:
 - (a) The licensed body is part of a group of businesses which provide a range of services some of which may be bundled with legal services, where the legal services may be offered at a reduced rate or as a "free" service.
 - (b) The licensed body is part of an insurance company where some of the legal services may be supported by premium funding, rather than fee income.
 - (c) The licensed body provides a mix of regulated activities and other activities which are either unregulated or regulated by other regulators, and the services provided may include a mix of such activities which may be bundled as in (a) above.

In these cases the SRA will seek further information to help it determine a fair estimate and will seek to agree the figure with the applicant body but in the absence of such agreement the SRA's decision shall be final.

4. A licensed body will have provided an estimated turnover figure for the first 12 months of trading during the application process. This estimated turnover figure will be used to determine the annual periodical fee payable by the licensed body. In

some cases, the SRA may have chosen to substitute an alternative estimated turnover figure in the circumstances outlined in paragraph 3 above to ensure the estimated turnover reflects the true cost of legal services being provided. This figure will have been communicated to the applicant prior to the licence being granted. In such cases, the revised estimated turnover figure will be used to determine the annual periodical fee payable by the licensed body.

5. Where a licensed body became a licensed body before 1 November 2017, the turnover figure should no longer be estimated. In such cases, the turnover figures that will be used when billing firms in October 2019 will be based on **closed accounts**, audited where possible.
 - Closed accounts are defined, in order of preference, as:
 1. an audited set of financial statements
 2. an unaudited set of financial statements signed off by an accountant
 3. a submitted tax return for the year.
6. Bad debt should be handled under normal accounting procedures. Where it has been allowed for in the turnover figure for a firm's last closed accounting period prior to 1 November 2017, that is acceptable. If a bad debt has been discovered after closing the firm's accounts, then the turnover figure cannot be re-adjusted. Those adjustments could potentially be accounted for in the following year's closed accounts.
7. The turnover figure should, wherever possible, be for the last complete (12 months) accounting period prior to the 1 November 2018 (e.g. 31 March 2018). The latest acceptable annual accounting period end date is 31 October 2018.
8. The turnover figure should be an exact figure wherever possible. A figure rounded to the nearest £1,000 will be acceptable only if more detail is unavailable.
